Dear TERI AHEARN:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of GERARD AHEARN. Your claim number is VCF0094896. Your Eligibility Form was determined to be substantially complete on April 13, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANT NEOPLASM OF RECTUM AND RELATED PHYSICAL CONDITIONS: ACUT VENOUS EMBOLISM & THROMBOSIS OTH SPEC VEINS; OTHER SPECIFIED CARDIAC DYSRHYTHMIAS; ACUTE POSTHEMORRHAGIC ANEMIA

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

September 11th
Victim Compensation Fund

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim. All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Dear PAULINE PICONE:

The September 11th Victim Compensation Fund ("VCF") previously sent you a letter notifying you of the eligibility decision on the claim you submitted on behalf of SAMUEL PICONE. Your claim number is VCF0124218. The letter explained that the VCF had reviewed your claim and determined you were not eligible for compensation. You then appealed the eligibility decision on your claim and a hearing was held.

The VCF has considered your appeal and has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you provided in support of your appeal and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- FOLLICULAR (NODULAR) NON-HODGKINS LYMPHOMA

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent has been certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Dear DENISE SCHMITTAU:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of JOHN SCHMITTAU. Your claim number is VCF0079161. Your Eligibility Form was determined to be substantially complete on January 08, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

In order to be eligible for compensation from the VCF, a claim must be registered by the applicable registration deadline. For a wrongful death claim, by statute, this deadline is no later than two years from the date of the victim's death. Because your wrongful death claim was registered after the two year deadline, the VCF has determined that your wrongful death claim was untimely registered and you are not eligible for losses suffered as a result of the victim's death. However, the VCF has determined that you are eligible for personal injury losses that were suffered by the victim up to the date of death. Under VCF policy, the deadline for registering a personal injury claim for a deceased victim is based on the verification of the victim's physical condition(s) through the VCF Private Physician process. As a result, the VCF will evaluate your claim as a timely personal injury claim.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:
